Letter of Reference for: **Eamon Murphy**

My name is Michael Driedger, I am the CEO and Co-Founder of Slickspaces Technologies Inc as well as the founder of Edge Consultants which provides engineering and sustainability services for projects in North America and the Middle East.

I am writing to express my enthusiastic support for the character and professional capability of Eamon Murphy. During the September – December 2017 work term, I worked closely with Eamon at Slickspaces. He worked on a wide variety of topics and subjects and has proved himself to be an exceptionally adaptable engineer. He was tasked to solve problems in areas where he had little prior knowledge of the subject matter and shown to be a proficient and expedient learner. His analytical engineering mindset proved to be a valuable asset and he often provided novel solutions to problems.

Eamon works with minimal supervision and is a self-starter. He follows projects through to completion and is able to take on new tasks with ease.

Eamon is friendly and highly personable, making him a pleasure to work with. He proved to be an asset during his time at Slickspaces and would be an asset to any organization he works with. Please contact me, should you have any questions.

Sincerely,

Michael Driedger

CEO of Slickspaces
